- No mess, no labor, no waste.

## Cooking Instructions

**MICROWAVE:** Remove tamales from package. Wrap tamales in a damp paper towel and place inside an open microwave-safe plastic bag. Microwave on high for 2 minutes if thawed and 2 to 3 minutes if frozen, or until tamales reach a minimum temperature of 140°F. Remove tamales from bag, remove paper towel and corn husk and enjoy!

**STEAMER:** Place tamales in a steamer or in a re-heating unit with husk so that the tamales do not come in direct contact with the water. Steam on high heat in a covered pan or re-heating unit for 15-20 minutes if thawed and 25-30 minutes if frozen, or until tamales reach a minimum temperature of 140°F.
